

## Publications

The IRSE publishes a wide variety of materials that are useful professional and technical resources. Further information is available from the IRSE Secretary/Treasurer – contact details below.

### IRSE PUBLICATIONS/SALES: ORDER FORM JANUARY 2005

TEXT BOOKS	Member (\$)	Non-Member (\$)	Qty	Total Cost (\$)
British Railway Signalling Practice – Electrical (Combined volume reissue of “IRSE Green Books” 7, 9, 11)	28.00	31.00		
British Railway Signalling Practice – Mechanical (Combined volume reissue of “IRSE Green Books” 1, 2, 3, 10)	31.00	35.00		
British Railway Signalling Practice - Signalling Instruments (Combined volume reissue of “IRSE Green Books” 4, 12, 13)	24.00	28.00		
European Railway Signalling	172.00	223.00		
Fifty Years of Railway Signalling – O.S. Nock ( <i>Reprint</i> )	35.00	41.00		
Introduction to Signalling	86.00	206.00		
Metro Railway Signalling	120.00	206.00		
Railway Control Systems	120.00	206.00		
Railway Signalling	120.00	206.00		
Railway Telecommunications	120.00	206.00		
<b>Signalling Atlas &amp; Signal Box Directory – Great Britain &amp; Ireland (<i>New title</i>)</b> <b>NOW AVAILABLE</b>	31.00	35.00		

TECHNICAL REPORTS	Member (\$)	Non-Member (\$)	Qty	Total Cost (\$)
No. 1 Safety System Validation – Cross Acceptance of Signalling Systems	42.00	103.00		
No. 2 The Operational Availability of Railway Control Systems	42.00	103.00		
No. 3 The Influence of Human Factors on the Performance of Railway Systems	42.00	103.00		
No. 4 The Implications of Applying Transmission Based Signalling	42.00	103.00		
No. 5 The Contribution of Signalling to the Future of Rail Traffic Management	42.00	103.00		
No. 6 Proposed Cross Acceptance Processes for Railway Signalling Systems & Equipment – ( <i>Includes CD ROM</i> )	69.00	172.00		
<b>No. 7 Quality of Services in Railway Traffic Management Systems (<i>New title</i>)</b> <b>NOW AVAILABLE</b>	42.00	103.00		
Signalling Philosophy Review (April 2001)	42.00	172.00		
Testing and Commissioning	42.00	103.00		

CONFERENCE & SEMINAR PAPERS	Member (\$)	Non-Member (\$)	Qty	Total Cost (\$)
Bringing Innovation to the UK Railway (February 2002 London) – <i>CD-ROM format only</i>	42.00	83.00		
Competence Assurance in the S&T Business (May 2000 London)	35.00	69.00		
Developments in Interlocking & their Support Tools (Seminar 26 <sup>th</sup> February 2004) - <i>CD-ROM format only</i>	42.00	69.00		
ERTMS and its Application (November 2000 London)	35.00	83.00		
Future Trends in Signalling and Train Control (January 2001 Birmingham)	35.00	83.00		
Improvements in the Delivery of Signalling Projects and Products (March 1998 Glasgow)	35.00	20.00		
Justifying Investment in Train Control Systems (Seminar 19 <sup>th</sup> February 2003) – <i>CD-ROM format only</i>	42.00	83.00		
Keep it Safe, Keep it Legal (December 1999 London)	35.00	69.00		
Life Long Learning (February 1999 London)	35.00	69.00		
Mathematically Formal Techniques in Signalling (April 1996 London)	35.00	69.00		
New Techniques to Demonstrate Electro Magnetic Compatibility between Rolling Stock and the Signalling Infrastructure (February 1998 London)	35.00	69.00		
New Technology for Interlocking & Train Control (November 2001 London) – <i>CD-ROM format only</i>	42.00	83.00		
Proposed Cross-Acceptance Processes for Railway Signalling Systems & Equipment (Seminar 21 <sup>st</sup> November 2002 London) – <i>CD-ROM format only</i>	42.00	83.00		
<b>Railway Interfaces (Seminar 18<sup>th</sup> November 2004 London) – <i>CD-ROM format only</i></b> <b><i>(New title) NOW AVAILABLE</i></b>	42.00	83.00		
Resignalling Metro Lines (Seminar 27 <sup>th</sup> November 2003 London) – <i>CD-ROM format only</i>	42.00	83.00		
The Lifecycle of a Major Railway Project (Younger Members June 1998 London)	35.00	69.00		
The Pitfalls of Commercial Contracting in the S&T Business (January 2000 Birmingham)	35.00	69.00		
The Railway as a System (Younger Members July 2000 Birmingham)	35.00	69.00		
The Skill of the Tester (November 1998 London)	35.00	69.00		
Traction/Signalling Compatibility (April 1997 London)	35.00	69.00		
Train Detection (October 2001 Paris) – <i>CD-ROM format only</i>	42.00	83.00		
<b>IRSE PUBLICATIONS/SALES: ORDER FORM <i>continued</i></b>			<b>JANUARY 2005</b>	

ASPECT CONFERENCES PAPERS & ANNUAL PROCEEDINGS:	Member (\$)	Non-Member (\$)	Qty	Total Cost (\$)
Aspect Conference 03	69.00	172.00		
Annual Proceedings of the Institution of Railway Signal Engineers 1990/91 to date ( <i>inc</i> ) ( <i>Please state year(s) required</i> ):	69.00 <i>each</i>	172.00 <i>each</i>		

Inc. Association No. AOO19465H  
Incorporated in Victoria  
ABN 80 329 874 542

IRSE "GREEN BOOKLETS"		Member (\$)	Non-Member (\$)	Qty	Total Cost (\$)
No 5	Power Points	18.00	35.00		
No 6	Signalling Relays	18.00	35.00		
No 7	Signal Control Circuits	18.00	35.00		
No 8	Typical Selection Circuits	18.00	35.00		
No 10	Mechanical Signalling	18.00	35.00		
No 14	Multiple Aspect Signalling	18.00	35.00		
No 15	Circuits	18.00	35.00		
No 16	Route Holding	18.00	35.00		
No 17	Signalling for AC Electrified Areas	18.00	35.00		
No 18	Principles of Relay Interlocking & Control Panels	18.00	35.00		
No 19	LTE Route Control Systems	18.00	35.00		
No 20	Route Relay Interlocking - Westinghouse System	18.00	35.00		
No 21	Route Relay Interlocking – AEI AEI-GRS System	18.00	35.00		
No 22	Route Relay Interlocking – SGE System	18.00	35.00		
No 24	AWS / ATC (1964)	18.00	35.00		
No 25	Level Crossings	18.00	35.00		
No 26	Remote Control	18.00	35.00		
No 27	Signalling the Layout ( British Practice)	18.00	35.00		
No 28	Route Control Systems (LT Practice)	18.00	35.00		
No 29	Solid State Interlocking	18.00	35.00		

SALES:	Member (\$)	Non-Member (\$)	Qty	Total Cost (\$)
IRSE Tie	35.00	N/A		
IRSE Body of Knowledge – CD-ROM format only	86.00	172.00		

<b>Invoice Grand Total:</b>	<b>\$</b>
