

Institution of Railway Signal Engineers  
 AUSTRALASIAN SECTION

# HonFIRSE – Honorary Fellows of the Institution of Railway Signal Engineers

The IRSE Australasian Section Incorporated proudly acknowledges the following people who have been instrumental in the evolution and continual development of Australasian Railway Signalling and its associated systems and technology. Their tireless energy, devotion to Members and Associates, and individual and collective input have allowed the IRSE Australasian Section to flourish into the highly popular and successful Professional Engineering Institution it is today.

We thank them now, and recognise them always for their Dedication, Commitment and Involvement with the IRSE.
